# TEXAS TECH

IS A COEDUCATIONAL state-supported institution of higher education.

FOUNDED in 1923.

MORE THAN 13,800 students are enrolled from 234 of Texas' 254 counties, 46 other states and 34 foreign lands.

SIX SCHOOLS are Agriculture, Arts and Sciences, Business Administration, Engineering, Home Economics, and Graduate.

CURRICULUM includes 83 areas of study leading to bachelor's degree, 44 areas leading to master's degree, and 10 leading to doctorates.

LOCATION is within the corporate limits of Lubbock, a city of approximately 140,000 — medical, cultural, industrial and agricultural processing center for the South Plains area.

MAIN CAMPUS encompasses approximately 1,800 acres of which 1,500 are used as an experimental farm. Texas Tech also operates a 5,821 acre Research Farm at Pantex, near Amarillo. Texas Tech's physical plant has an original construction value of more than \$58 million.
